R.S High School Paiga Saran

Prince kumar

Flutter Developer with 1.5 year of experience

SUMMARY

An effective Flutter developer builds apps that are clean, maintainable. A reactive Flutter developer builds apps that are responsive, real-time, and adaptive to user interaction & data updates.

EXPERIENCE

Company Name :- LooH Hostels Private limited

Place :- Patna, Bihar

PROJECTS

LooH Hostels Booking Application

Developed an AI-powered hostel/PG booking application featuring property browsing, Google Maps integration, real-time booking, and automated notifications.

Tech Stack - Flutter, Firebase, FCM, APIs, Provider

App link - <https://play.google.com/store/apps/details?id=com.loohhostels>

LooH Hostels Partner Application

Developed a Hostel Partner application that enables property owners to list hostels/PGs/lodges, add rooms, manage property details, handle bookings, and subscribe to plans for accessing platform features.

Tech Stack - Flutter, Dart, Provider, GetX, MVC, APIs.

App link - <https://play.google.com/store/apps/details?id=com.looh.hostelpartnerapp>

LooH Admin Application

Developed an Admin Application with multiple controllers including Hostel, Booking, and User Controllers to efficiently manage properties, bookings, users, and overall system operations.

Tech Stack - Flutter, Dart, Provider, GetX, MVC, APIs.

LooH Admin Panel

Designed and implemented a web-based Admin Panel featuring modules like Hostel, Booking, and User Controllers for managing property listings, room details, user data, bookings, and system workflows.

Tech Stack - Flutter, Dart, Provider, GetX, Bloc, APIs
